

TriMas Reports Second Quarter 2025 Results

July 29, 2025

Aerospace Sales Up 32.5%; Company Raises 2025 Full-year Earnings Outlook

- Second quarter diluted EPS of \$0.41, with adjusted diluted EPS of \$0.61, up 41.9%
- Second quarter operating profit of \$27.1 million, with adjusted operating profit of \$31.8 million, up 53.2%
- Consolidated sales growth of 14.2%, with organic growth, net of currency impact, of 13.4%

BLOOMFIELD HILLS, Mich.--(BUSINESS WIRE)--Jul. 29, 2025-- TriMas (NASDAQ: TRS) today announced financial results for the second quarter ended June 30, 2025. The Company reported second quarter 2025 net income of \$16.7 million, or \$0.41 per diluted share, compared to \$10.9 million, or \$0.27 per diluted share, in second quarter 2024. Adjusting for Special Items⁽¹⁾, second quarter 2025 adjusted net income⁽²⁾ was \$25.1 million, compared to \$17.5 million in second quarter 2024. Second quarter 2025 adjusted diluted earnings per share⁽²⁾ was \$0.61, an increase of 41.9% compared to \$0.43 in the prior year period.

TriMas reported second quarter 2025 net sales of \$274.8 million, an increase of 14.2% compared to \$240.5 million in second quarter 2024, as sales growth in its Packaging and Aerospace segments more than offset the loss of sales related to the divestiture of Arrow Engine in its Specialty Products segment. The Company reported operating profit of \$27.1 million in second quarter 2025, compared to \$17.9 million in second quarter 2024. Adjusting for Special Items⁽¹⁾, second quarter 2025 adjusted operating profit was \$31.8 million, an increase of 53.2% compared to \$20.8 million in the prior year period, as a result of the favorable impacts of higher sales, and commercial and operational improvement actions.

"Our team delivered another strong quarter, driven by solid top-line growth with improving margins in both our Aerospace and Packaging segments," said Thomas Snyder, newly appointed President and Chief Executive Officer of TriMas. "I look forward to building upon this success and driving long-term value by aligning our strategies to advance our commercial opportunities in the marketplace and to accelerate our performance around operational excellence. Given our momentum, we are raising our full-year 2025 sales and earnings outlook. As we look ahead, we remain confident in the long-term growth potential of our two largest segments, Packaging and Aerospace, as well as the ongoing recovery within our Specialty Products business."

Financial Position

The Company reported net cash provided by operating activities of \$30.3 million for second quarter 2025, compared to \$18.4 million in second quarter 2024, driven by improved performance and continued working capital management. As a result, the Company reported Free Cash Flow⁽³⁾ of \$16.9 million for second quarter 2025, compared to \$11.4 million in second quarter 2024.

TriMas ended second quarter 2025 with \$30.3 million of cash on hand, \$249.4 million of cash and available borrowing capacity under its revolving credit facility, and a net leverage ratio of 2.6x as defined in the Company's credit agreement. As of June 30, 2025, TriMas reported total debt of \$424.5 million and Net Debt⁽⁴⁾ of \$394.3 million. With a strong balance sheet and no near-term maturities, the Company remains committed to its capital allocation priorities of investing for growth in its businesses and returning capital to shareholders.

During the first six months of 2025, the Company repurchased 106,220 shares of its outstanding common stock for \$2.3 million. As of June 30, 2025, the Company had \$65.4 million remaining under the repurchase authorization. TriMas also paid a quarterly cash dividend of \$0.04 per share of TriMas Corporation stock.

Second Quarter Segment Results

TriMas Packaging group's net sales for the second quarter were \$143.0 million, an increase of 8.4% compared to second quarter 2024, primarily due to organic growth of 7.9% related to the beauty & personal care and industrial end markets, partially offset by lower sales of products used in food & beverage applications. Second quarter operating profit and margin improved slightly compared to the prior year period, as a result of the improved performance and cost management activities.

TriMas Aerospace group's net sales for the second quarter were \$103.0 million, an increase of 32.5% compared to second quarter 2024, primarily due to an increase in industry build rates, new awards, commercial actions and the acquisition of TriMas Aerospace Germany (TAG) during first quarter 2025. Second quarter 2025 operating profit margin increased 650 basis points over the same period in 2024, primarily due to higher sales conversion, commercial actions and operational excellence initiatives.

TriMas Specialty Products group's net sales for the second quarter were \$28.7 million, a decrease of 6.8% compared to second quarter 2024, as a 13.0% year-over-year sales increase for Norris Cylinder was more than offset by the loss of sales related to the divestiture of Arrow Engine in January 2025. Second quarter operating profit and margin increased as compared to the same period in 2024, as higher absorption of fixed costs and previous restructuring actions at Norris Cylinder more than offset the loss of profit related to Arrow Engine and higher inventory capitalized variances in the quarter.

2025 Outlook

The Company raised its full year 2025 outlook originally provided on February 27, 2025. The Company now expects to generate full year 2025 adjusted diluted earnings per share⁽²⁾ in the range of \$1.95 to \$2.10, as compared to the previous range of \$1.70 to \$1.85. The Company is also now

estimating that TriMas' 2025 consolidated sales growth will range between 8% to 10%, as compared to full year 2024, and as compared to the previously provided sales growth range of 4% to 6%.

"Following a strong first half of the year, we are increasing our full-year guidance, supported by sustained momentum in our Aerospace business and positive trends within Specialty Products. Our Packaging group remains on track, delivering continued growth and margin expansion that further supports our outlook. We continue to closely monitor the evolving impacts of tariffs and remain focused on driving ongoing performance improvements," concluded Snyder.

Conference Call Information

TriMas will host its second quarter 2025 earnings conference call today, Tuesday, July 29, 2025, at 10 a.m. ET. To participate via phone, please dial (877) 407-0890 (U.S. and Canada) or +1 (201) 389-0918 (outside the U.S. and Canada), and ask to be connected to the TriMas second quarter 2025 earnings conference call. The conference call will also be simultaneously webcast via the TriMas website at www.trimas.com, under the "Investors" section, with an accompanying slide presentation. A replay of the conference call will be available on the TriMas website or by dialing (877) 660-6853 (U.S. and Canada) or +1 (201) 612-7415 (outside the U.S. and Canada) with a meeting ID of 13754837, beginning July 29, 2025, at 3:00 p.m. ET through August 12, 2025, at 3:00 p.m. ET.

Notice Regarding Forward-Looking Statements

The above outlook includes the impact of all announced acquisitions. The outlook provided assumes no detrimental impact related to input costs or end market demand associated with global conflicts or geopolitical actions. All of the above amounts considered as 2025 guidance are after adjusting for any current or future amounts that may be considered Special Items, and in the case of adjusted diluted earnings per share, acquisition-related intangible asset amortization expense for deals that have not yet been consummated. The inability to predict the amount and timing of the impacts of these Special Items makes a detailed reconciliation of these forward-looking non-GAAP financial measures impracticable.⁽¹⁾

Any "forward-looking" statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, contained herein, including those relating to TriMas' business, financial condition or future results, involve risks and uncertainties with respect to, including, but not limited to: general economic and currency conditions; competitive factors; market demand; our ability to realize our business strategies; government and regulatory actions, including, without limitation, the impact of current and future tariffs and reciprocal tariffs, quotas and surcharges, as well as climate change legislation and other environmental regulations; our ability to identify attractive acquisition candidates, successfully integrate acquired operations or realize the intended benefits of such acquisitions; pressures on our supply chain, including availability of raw materials and inflationary pressures on raw material and energy costs, and customers; the performance of our subcontractors and suppliers; risks and uncertainties associated with intangible assets, including goodwill or other intangible asset impairment charges; risks associated with a concentrated customer base; information technology and other cyber-related risks; risks related to our international operations, including, but not limited to, risks relating to tensions between the United States and China; changes to fiscal and tax policies; intellectual property factors; uncertainties associated with our ability to meet customers' and suppliers' sustainability and environmental, social and governance ("ESG") goals and achieve our sustainability goals in alignment with our own announced targets; litigation; contingent liabilities relating to acquisition activities; interest rate volatility; our leverage; liabilities imposed by our debt instruments; labor disputes and shortages; the disruption of operations from catastrophic or extraordinary events, including, but not limited to, natural disasters, geopolitical conflicts and public health crises; the amount and timing of future dividends and/or share repurchases, which remain subject to Board approval and depend on market and other conditions; our future prospects; and other risks that are discussed in Part I, Item 1A, "Risk Factors," in our Annual Report on Form 10-K for the year ended December 31, 2024 and in the Second Quarter 2025 report on Form 10-Q. The risks described in our Annual Report on Form 10-K and in the Second Quarter 2025 report on Form 10-Q are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deemed to be immaterial also may materially adversely affect our business, financial position and results of operations or cash flows. These risks and uncertainties may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-looking statements made herein are based on information currently available, and the Company assumes no obligation to update any forward-looking statements, except as required by law.

Non-GAAP Financial Measures

In this release, certain non-GAAP financial measures are used. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measure may be found in Appendix I at the end of this release. Management believes that presenting these non-GAAP financial measures provides useful information to investors by helping them identify underlying trends in the Company's businesses and facilitating comparisons of performance with prior and future periods and to the Company's peers. These non-GAAP financial measures should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP measure, and may not be comparable to similarly titled measures reported by other companies.

Reconciliations of forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures are provided only for the expected impact of amortization of acquisition-related intangible assets for completed acquisitions, as the Company is unable to provide estimates of future Special Items⁽¹⁾ or amortization from future acquisitions without unreasonable effort, due to the uncertainty and inherent difficulty of predicting the occurrence and the financial impact of such items impacting comparability and the periods in which such items may be recognized. For the same reasons, the Company is unable to address the probable significance of the unavailable information, which could be material to future results.

Additional information is available at www.trimas.com under the "Investors" section.

- (1) Appendix I details certain costs, expenses and other amounts or charges, collectively described as "Special Items," that are included in the determination of net income, earnings per share and/or cash flows from operating activities under GAAP, but that management believes should be separately considered when evaluating the quality of the Company's core operating results, given they may not reflect the ongoing activities of the business.
- (2) The Company defines adjusted net income (and on a per diluted share basis, adjusted diluted earnings per share) as net income (per GAAP), plus or minus the after-tax impact of Special Items⁽²⁾, plus the after-tax impacts of non-cash acquisition-related intangible asset amortization and non-cash compensation expense. While the acquisition-related intangible assets aid in the Company's revenue generation, the Company adjusts for the non-cash amortization expense and non-cash compensation expense because the Company believes it (i) enhances management's and investors' ability to analyze underlying business performance, (ii) facilitates comparisons of financial results over multiple

periods, and (iii) provides more relevant comparisons of financial results with the results of other companies as the amortization expense associated with these assets may fluctuate significantly from period to period based on the timing, size, nature, and number of acquisitions.

- (3) The Company defines Free Cash Flow as Net Cash Provided by/Used for Operating Activities, excluding the cash impact of Special Items, less Capital Expenditures. Please see Appendix I for additional details.
- (4) The Company defines Net Debt as Total Debt less Cash and Cash Equivalents. Please see Appendix I for additional details.

About TriMas

TriMas manufactures a diverse set of products primarily for the consumer products, aerospace and industrial markets through its TriMas Packaging, TriMas Aerospace and Specialty Products groups. Our approximately 3,900 dedicated employees in 13 countries provide customers with a wide range of innovative and quality product solutions through our market-leading businesses. Our TriMas family of businesses has strong brand names in the markets served, and operates under a common set of values and strategic priorities under the TriMas Business Model. TriMas is publicly traded on the NASDAQ under the ticker symbol "TRS," and is headquartered in Bloomfield Hills, Michigan. For more information, please visit www.trimas.com.

(1) Income tax effect of net income adjustments is calculated on an item-by-item basis, utilizing the statutory income tax rate in the jurisdiction where the adjustments occurred. For the three and six month periods ended June 30, 2025 and 2024, the income tax effect on the cumulative net income adjustments varied from the tax rate inherent in the Company's reported GAAP results, primarily as a result of certain discrete items that occurred during the period for GAAP reporting purposes.

Adjusted diluted earnings per share	<u>\$ 1.95</u>	<u>\$ 2.10</u>

(1) These amounts relate to acquisitions completed as of July 29, 2025. The Company is unable to provide forward-looking estimates of future acquisitions, if any, that have not yet been consummated.

(2) The Company is unable to provide forward-looking estimates of Special Items without unreasonable effort, due to the uncertainty and inherent difficulty of predicting the occurrence and the financial impact of such items and the periods in which such items may be recognized. For the same reasons, the Company is unable to address the probable significance of the unavailable information, which could be material to future results.
